Vision Express / Wrang	VSWP	Green	Green	Green	Green	Green	Green	Green	Green	Green	Green	Call	12 Linear Feet	6,000 lbs

Carriers which apply Overlength at shorter lengths are more likely to refuse any overlength freight at pickup then carriers whose Overlength charges begin at the 20' length

In MercuryGate or CRM, when choosing the length of the longest single piece for the applicable rate to apply, choose the lowest threshold, for example: Skid length 11ft 6 inches, you would select overlength of 11 feet.
